PROFESSIONAL SUMMARY

Computer Science undergraduate with a strong interest in web technologies, and AI-powered tools. Experienced in building practical projects, including database-driven applications, automation tools, and modern web platforms. Passionate about learning new technologies, experimenting with open-source AI models, and developing solutions that improve productivity and user experience.

EDUCATION

BSc in Computer Science & Engineering

2023 – Expected 2028

Jahangirnagar University, Savar, Dhaka

Relevant Coursework: Data Structures, Database Systems, Artificial Intelligence, Computer Networks

PROJECTS

GameVerse – Java Classic Arcade Collection

- Designed and implemented a collection of classic arcade games (Snake, Tetris, Flappy Bird) using Java Swing.
- Integrated with MySQL via XAMPP to store and track high scores and user progress.
- Used by **25+ classmates for practice** and skill-building.

🔗 [Source Code](#)

Aterrador Batch Portal

- Developed a modern, fully client-side batch management portal for Jahangirnagar University's CSE 52nd Batch.
- Centralizes class routines, exam schedules, notices, resources, forms, and faculty information in a fast, secure platform.
- Features **OAuth-protected access, Google Sheets backend, responsive mobile-first design**, and dark UI with custom branding.
- Tech Stack: HTML5, CSS3, JavaScript, Google Apps Script, Google OAuth, Vercel.

SKILLS

Programming Languages: Java · C/C++ · Python · SQL

Web Development: HTML5 · CSS3 · JavaScript

Tools & Technologies: Git · GitHub · Linux (Ubuntu) · VMware · MySQL

AI & Developer Tools: OpenRouter API · Ollama · Local LLMs · Gemini CLI

LANGUAGES

Bengali (Native) · English (Fluent) · Urdu (Conversational)

VOLUNTEERING

Volunteer — NCPC 2023

2024

Jahangirnagar University Programming Contest

ICT Secretary — Swapnonir

2026 – Present

A volunteer-based non-government organization

ADDITIONAL INFORMATION

- Actively exploring **open-source AI models and local LLM deployment**.
- Passionate about building practical software tools that improve productivity and learning.
- Comfortable working in Linux environments and experimenting with modern developer tools.
